No athlete should be advanced to a subsequent round without competing in all rounds unless the Referee or Jury of Appeal determines otherwise in the particular circumstances of the case, e.g. the shortness of time before the next round or the length of the race.**

TRACK MEASUREMENTS – RULE 160.4

Note amended:

*Note: For all tracks constructed before 1 January 2004 for all such races, the lane may have a width of maximum 1.25m. **However when such a track is fully resurfaced, the lane width shall comply with this Rule.***

STARTING BLOCKS – RULE 161.1

Amended:

1. Starting blocks shall be used for all races up to and including 400m (including the first leg of the 4 × 200m, the Medley Relay and 4 × 400m) and shall not be used for any other race. When in position on the track, no part of the starting block shall overlap the start line or extend into another lane, **with the exception that, provided there is no obstruction to any other athlete, the rear part of the frame may extend beyond the outer lane line.**

STARTING BLOCKS – RULE 161.2

Reorganised:

2. Starting blocks shall comply with the following general specifications:
 - (a) **The starting blocks shall consist of two foot plates, against which the athlete's feet are pressed in the starting position and which shall be mounted on a rigid frame. They shall be entirely rigid in construction and shall give no unfair advantage to the athlete. The frame shall in no way obstruct the athlete's feet as they leave the blocks.**
 - (b) **The foot plates shall be sloped to suit the starting position of the athlete, and may be flat or slightly concave. The surface of the foot plates shall accommodate the spikes in the athlete's shoes, either by using slots or recesses in the face of the foot plate or by covering the surface of the foot plate with suitable material permitting the use of spiked shoes.**
 - (c) **The mounting of the foot plates on a rigid frame may be adjustable, but it shall allow no movement during the actual start. In all cases, the foot plates shall be adjustable forward or backward in relation to each other. The adjustments shall be secured by firm clamps or a locking mechanism, which can be easily and quickly operated by the athlete.**

STARTING BLOCKS – RULE 161.3

Amended (was R161.2):

3. In competitions held under Rules 1.1(a), (b), (c) and (f) and for any performances submitted for ratification as a World Record under Rules 261 or 263, the starting blocks shall be linked to an IAAF ~~approved~~ **certified** Start Information System. This system is strongly recommended for ~~all~~ other competitions.

THE START – RULE 162.2 (C)

New sub-point added:

2. At all International Competitions, except as noted below, the commands of the Starter shall be given in his own language, in English or in French.

 - (b) In races longer than 400m (except 4 × 200m, the Medley Relay and 4 × 400m), the command shall be "On your marks".
 - (c) In any race when under Rule 162.5, the Starter is not satisfied that all is ready for the start to proceed after the athletes are on their marks or he otherwise aborts the Start, the command shall be “Stand Up”.**

THE START – RULE 162.5 (C)

Amended:

5. On the command "On your marks" or "Set", as the case may be, all athletes shall, at once and without delay, assume their full and final starting position. If, for any reason, the Starter is not satisfied that all is ready for the start to proceed after the athletes are on their marks, he shall order all athletes to withdraw from their marks and the Starter's Assistants shall assemble them again (See also Rule 130).

Where an athlete in the judgement of the Starter,

- (a) after the command "On your marks" or "Set", and before the report of the gun, causes the start to be aborted, for instance by raising a hand and/or standing or sitting up in the case of a crouch start, without a valid reason, (such reason to be evaluated by the relevant Referee); or
- (b) fails to comply with the commands "On your marks" or "Set" as appropriate, or does not place himself in his final starting position ~~after a reasonable time~~ **at once and without delay**; or
- (c) after the command "On your marks" or "Set" disturbs other athletes in the race through sound, **movement** or otherwise, the Starter shall abort the start.

THE START – RULE 162.5 (CONT.)

Amended:

5.

...

The Referee may warn the athlete for improper conduct (disqualify in case of a second infringement of the Rule during the same competition), according to Rules 125.5 and 145.2. **A green card shall not be shown.** ~~In this case, or~~ **However** when an extraneous reason was considered to be the cause for aborting the start, or the Referee does not agree with the Starter's decision, a green card shall be shown to all the athletes to indicate that a false start was not committed by any athlete.

THE START – RULE 162.6

Reorganised and amended:

False Start

- ~~An athlete, after assuming a full and final starting position, shall not commence his start until after receiving the report of the gun. If, in the judgement of the Starter or Recallers, he does so any earlier, it shall be deemed a false start.~~

When an IAAF ~~approved~~ **certified** Start Information System is in use, the Starter and/or an assigned Recaller shall wear headphones in order to clearly hear the acoustic signal emitted when the System indicates a possible false start (i.e. when the reaction time is less than 0.100 second). As soon as the Starter and/or assigned Recaller hears the acoustic signal, and if the gun was fired, there shall be a recall and the Starter shall immediately examine the reaction times and other available information from the Start Information System in order to confirm which, if any, athlete(s) is/are responsible for the recall.

Note: When an IAAF certified Start Information System is in operation, the evidence of this equipment shall be used as a resource by the relevant judges to make a correct decision.

THE START – RULE 162.7

Reorganised and amended:

7. An athlete, after assuming a full and final starting position, shall not commence his start until after receiving the report of the gun. If, in the judgement of the Starter **(including under Rule 129.6)** ~~or Recallers~~, he does so any earlier, it shall be deemed a false start.

~~When an IAAF approved Start Information System is in use, the Starter and/or an assigned Recaller shall wear headphones in order to clearly hear the acoustic signal emitted when the System indicates a possible false start (i.e. when the reaction time is less than 0.100 second). As soon as the Starter and/or an assigned Recaller hears the acoustic signal, and if the gun was fired, there shall be a recall and the Starter shall immediately examine the reaction times and any other available information from the Start Information System in order to confirm which, if any, athlete(s) is/are responsible for the recall.~~

*Note (i): Any motion by an athlete that does not include or result in the athlete's foot / feet losing contact with the foot plate(s) of the starting blocks, or the athlete's hand / hands losing contact with the ground, shall not be considered to be the commencement of his start, **unless the Starter determines the prior to receiving the report of the gun an athlete initiated a movement that was not stopped and continued into the commencement of his start.***

THE START – RULE 162.7 (CONT.)

Reorganised and amended:

Note (i): Any motion by an athlete that does not include or result in the athlete's foot / feet losing contact with the foot plate(s) of the starting blocks, or the athlete's hand / hands losing contact with the ground, shall not be considered to be the commencement of his start. Such instances may, if applicable, be subject to a disciplinary warning or disqualification.

However, if the Starter determines that prior to receiving the report of the gun an athlete initiated a movement that was not stopped and continued into the commencement of his start, it shall be a false start.

THE START – RULE 162.7 (CONT.)

Reorganised and amended:

Note (ii): As athletes starting races in a standing position are more prone to over-balance, if such a movement is considered to be accidental, the start should be regarded as “unsteady”. If an athlete is pushed or jostled over the line before the start, he should not be penalised. Any athlete causing such interference may be subject to a disciplinary warning or disqualification.

~~*Note (iii): In practice, when one or more athletes make a false start, others are inclined to follow and, strictly speaking, any athlete who does so has also made a false start. The Starter should warn or disqualify only such athlete or athletes who, in his opinion, were responsible for the false start. This may result in more than one athlete being warned or disqualified. If the false start is not due to any athlete, no warnings shall be given and a green card shall be shown to all the athletes.*~~

~~*Note (iv): When an IAAF approved Start Information System is in operation, the evidence of this equipment shall normally be accepted as conclusive by the Starter.*~~

THE START – RULE 162.8

Reorganised and amended:

8. Except in Combined Events, any athlete responsible for a false start shall be disqualified by the Starter.

For Combined Events, see Rule 200.8(c).

Note: In practice, when one or more athletes make a false start, others are inclined to follow and, strictly speaking, any athlete who does so has also made a false start. The Starter should warn or disqualify only such athlete or athletes who, in his opinion, were responsible for the false start. This may result in more than one athlete being warned or disqualified. If the false start is not due to any athlete, no warnings shall be given and a green card shall be shown to all the athletes.

THE START – RULE 162.9

Reorganised and amended:

9. In case of a false start, the Starter's Assistants shall proceed as follows:

Except in Combined Events, the athlete(s) responsible for the false start shall be disqualified and a red and black (diagonally halved) card shall be raised in front of him ~~and a corresponding indication shown on the respective lane marker(s)~~.

In Combined Events, in case of a first false start, the athlete(s) responsible for the false start shall be warned with a yellow and black (diagonally halved) card raised in front of him ~~and a corresponding indication shown on the respective lane marker(s)~~. At the same time, all the other athletes taking part in the race shall be warned with the yellow and black card raised in front of them by one or several Starter's Assistants in order to notify them that anyone committing further false starts will be disqualified.

THE START – RULE 162.9 (CONT.)

Reorganised and amended:

In case of further false starts, the athlete(s) responsible for the false start shall be disqualified and the red and black card shall be raised in front of him ~~and a corresponding indication shown on the respective lane marker(s).~~

~~The basic system (to raise a card in front of the athlete(s) responsible for the false start) will also be followed in case lane markers are not being used.~~

If lane markers which provide for it are being used, then, whenever a card is shown to the athlete(s) responsible for the false start, the corresponding indication should be shown on the lane marker(s).

This mark may be a 50mm x 50mm mark on the line between lanes 4 and 5 (lanes 3 and 4 in a six-lane track) immediately before which a cone or flag is placed until the two groups converge.~~

THE RACE – RULE 163.2 (B)

Amended:

- (b) if another athlete is found by the Referee to be responsible for the jostling or obstruction, such athlete (or his team) shall be liable to disqualification from that event. The Referee may, if he is of the opinion that an athlete (or his team) was seriously affected, **in accordance with Rule 125.7 or 146.4**, order that the race **(for one, some or all of the athletes)** be re-held excluding any disqualified athlete (or team) or allow any affected athlete (or team) (other than any disqualified athlete or team) to compete in a subsequent round of the event.

Note: in cases considered serious enough, Rule 145.2 may also be applied.

The other group shall run as far as the end of the first bend on the outer half of the track, which shall be marked by cones or flags as described in Rule 160.1.

The separate arced start line shall be positioned in such a way that all the athletes shall run the same distance.

The breakline for 800m indicates where the athletes in the outer group in 2000m and 10,000m may join the athletes using regular start.

For group starts in 1000m, 3000m and 5000m, the track shall be marked at the beginning of the finish straight to indicate where athletes starting in the outer group may join the athletes using the regular start.
